Description of Physical and Landscape Features:			
<p>This one story ranch-style building has a rectangular plan and sits on a concrete foundation. The low-pitched gable roof is covered with composition shingles and has a large stone chimney mass, with built-in barbeque, rising from it. The walls are clad in vertical tongue and groove siding. Windows are primarily vinyl sliders. There is a terrific stone retaining wall rising out of the basalt.</p> <p>Two concrete block garages sit to the south and east of the house.</p>
