

Save the Date!

Come talk to us and learn about improvements happening near you!

Join us for a drop-in site visit at the Henrici Reservoir to learn more about the Henrici Pump Station and Transmission Improvements project.

You'll be able to meet the project team, ask questions, and see existing and planned improvements to the water system. Stop by anytime during the event to get your questions answered and learn more about the project.

Monday, October 20 from 3:30–5:30 p.m.

Henrici Reservoir

16025 S Henrici Road, Oregon City

The gate to the reservoir will be open, and parking will be available near the reservoir. While the area is mostly flat, it is not ADA accessible.

Improvements WIFIA 3-2 (CI 24-004)**

Construction is coming near you in 2026!

Reliable Water for Our Community!

The City of Oregon City is making important upgrades to its water system to ensure a safe, reliable water system to meet current and future demands of the community.

This project:

- Replaces the Fairway Downs Pump Station with a new, larger pump station (Henrici Pump Station) and installs a larger 24 inch transmission main to improve water service.
- Upgrades will improve reliability and ensure a dependable water supply for years to come.
- Project is currently in design; construction is planned for Spring 2026–December 2027.

Come talk to the project team, ask questions, and learn more about the project.
