

## Addendum A – Exemptions

### Street Tree Removal and Replacement Application

This form applies to street trees in planter strips that are 3 feet wide or less, AND street trees that are on the [Nuisance Plant List](#). Such trees may be removed without replacement.

I am removing a street tree from a planter strip that's 3 feet wide or less.

If not, please skip to the Nuisance tree section. If so, please answer these questions and provide the requested information.

How wide is your planter strip? \_\_\_\_\_

- Planter strip width is the space between the inner edges of the curb and sidewalk, when measured perpendicularly.

How many trees are you removing? \_\_\_\_\_

- Tell us how many trees in this narrow strip you'll remove.

Please include a photo showing the width of your planter strip.

Staff only review:

Planter strip photo provided?  Yes  No

Planter strip width confirmed?  Yes  No

I am removing a Nuisance tree species.

Is the tree species listed on the [Oregon City Nuisance Plant List](#)?  Yes  No

We consider Nuisance species on lists from Clackamas County Soil & Water District, Oregon Department of Agriculture, and other Metro Area cities. Please include a copy of the list with your application.

- # of Nuisance trees to be removed: \_\_\_\_\_ Species: \_\_\_\_\_
- Nuisance Species List (if not Oregon City's): \_\_\_\_\_
- Please include photos of the Nuisance tree(s) with your application.

Have you considered replanting?  
Or a Pollinator Garden?

Staff only review

Nuisance species?  Yes  No

Nuisance info provided?  Photo  List

If you are interested in replanting, please see the [Adopted Street Tree Species List](#) to find an appropriate species for your planter strip. You can contact [Friends of Trees](#) for more information about care and maintenance to help prevent future sidewalk lift. You can also consult our Guide to Pollinator Gardens or visit the [Xerces Society website](#) for more information about Pollinator Gardens.
