To the Honorable Legislature of Oregon.

We the undersigned do humbly pray that your honorable body will take into consideration the expediency of incorporating that portion of Clackamas County, commonly known as Oregon City or Wallamette Falls, contained within the following limits, viz, from the upper part of the Island, now occupied by the Milling Company, to a point one mile East; from thence to the Clackamas River, on a line parallel with the Wallamette River. ——

Your petitioners would take occasion to remark that they view the assembling of a numerous population at a particular point, as calling for some means whereby order and regularity may be sustained and improvements effected for the permanent welfare and prosperity of said Town ——

Your petitioners consider that the purpose best adapted for such an end, would be, that your honorable body do grant to the said Town, power to elect a certain number of citizens as Town council with a Chairman at their head to be called Mayor, as is usual in such cases, who shall have power to raise a rate or tax for the purpose of such necessary improvements as may be required, together with a school fund, said rate or tax to be determined by the majority of citizens in said Town, Furthermore to have the power of establishing a police and enacting such local laws and regulations as may seem to them best for the preservation of order and protection of themselves and property ——
