INTRODUCTION

The purpose of this manual is to set forth personnel policies applicable to Management, Supervisory, and Confidential employees of the City. These policies apply to the job classifications listed on the salary schedule.

With the exception of the City Recorder, who is appointed by the City Manager, all positions listed on the salary schedule are classified under Civil Service and vacancies in any of the positions shall be filled in accordance with Civil Service rules and regulations.

GENERAL POLICIES

Hours of Work

The hours during which City offices and departments shall be open for business shall be determined by the City Commission and/or the City Manager.

Attendance

Employees shall not be absent from work for any reason, other than sick leave, without prior authorization from the direct supervisor. Unless prior arrangements are made, an employee who fails to report to work shall notify their direct supervisor of the reason for being absent. If the absence continues beyond the first day, the employee shall notify the supervisor on a daily basis.

Employees are expected to be at work during bad weather if City offices and departments are open. An employee who is unable to be at work shall not charge absence from work due to weather conditions as sick leave but may charge the absence as vacation or other accrued leave.

Personnel Records

Human Resources shall maintain a personnel file on each employee of the City. A *Personnel Action* form shall be used as the single document to initiate and update personnel records and a copy shall be placed in the employee's personnel file.

Leave of Absence Without Pay

An employee may be granted leave of absence without pay for a period not to exceed ninety (90) days by the City Manager. The leave shall not in any way prejudice the rights or benefits of the employee.

Outside Employment

No employee shall accept outside employment that is incompatible with his or her City employment, or will detract from the efficiency or work performance, or is in conflict with the best interest of the City.

Employee Evaluations

Each department director and/or manager shall provide an annual evaluation of employees in their department to measure each employee's work performance attainment level as outlined in Personnel Policy Number 610. In the same manner, all management staff shall receive an annual evaluation by the

City Manager or their respective Department Head each year, due no later than December 10th of any given year.

New hires and current employees who are promoted into a Management position, will receive performance reviews at three (3) and six (6) months.

Political Activity

City employees shall not hold a political office within Oregon City municipal government. Employees shall not use their official authority or influence to promote or oppose of any political cause or candidate. Furthermore, political activities of employees while on the job shall be restricted by Oregon law. Copies of these laws are available from the personnel manager.

Nothing in this section shall affect an employee's right to hold membership in and support a political cause or candidate, express their opinion on political subjects and candidates, and/or maintain neutrality.

Educational Opportunities

The City shall reimburse an employee for tuition and other costs of courses taken which relate to the employee's work provided that:

1. The course is approved in advance by the City Manager.
2. The employee receives a grade of "C" or better or a "Pass" grade if the class is graded on a "Pass-Fail" basis.
3. The employee is not receiving reimbursement for tuition from other sources.
4. Adequate funds are available.
5. If the City pays for any textbooks or other publication associated with courses, those items shall become the property of the City.

If the employee leaves the City while attending school or within one calendar year of completing courses for which the City has paid, the City's share of the costs in the twelve months preceding separation will be deducted from the employee's final payment of salary, wages, bonuses or accrued vacation. If the amount of the final payment is not sufficient to cover costs, the employee will be required to reimburse the City for the amount due at the time of separation.

Clothing Provisions

The Department Director shall determine the extent to which uniforms, special items of clothing, or required personal equipment (e.g., firearms) are provided to city personnel including the granting of pay in lieu of provision of such items.

COMPENSATION

The City Commission will set the salary schedule upon the recommendation of the City Manager. The salary schedule shall be reviewed annually by the City Manager who will submit recommendations for changes to the City Commission. A class/comp study shall be completed every five (5) years as to stay competitive among comparable cities.

Employees shall be paid in accordance with Federal, State and City regulations, policies and procedures including the current salary schedule. The basic salary schedule should not be considered to include allowances for authorized travel or other expenses incurred on City business or allowances made to employees for the official use of personally owned vehicles.
