

As of January 1st, we have closed the business license line at City Hall due to inclement weather.

We have honored the positions of those in line. In order to reserve your position, contact Planner Pete Walter at (503) 496-1568 and leave a message indicating that you are applying for a marijuana business license on January 3. We will return all calls in the order received and assign you a position in line for your business license application. On Tuesday, January 3rd, at 7:00am, the telephone reservation system will be abandoned, and the business license line will be restored.
