Description of Physical and Landscape Features:			
This one story Ranch sits under a hip roof with shallow eaves. A gabled rectangular bay projects out from the northwest corner, where a small shed extension of the gable covers the entry porch on the east side of the gable. The house is clad with wide lap siding, and features an attached garage at the southeast corner. The windows are primarily 2/2 double-hung wood sash with horizontally oriented panes and narrow trim molding. The garage features nine-pane fixed sashes on the north and south sides with the same trim. A large brick chimney is located on the west wall.
