Description of Physical and Landscape Features:			
This one story house sits under a hip roof with a hipped porch projecting out from the south side of the house. The porch hip is supported by a pair of rectangular posts set on a solid balustrade. Both the porch hip and the main hip feature enclosed eaves above a wide frieze board. The house is clad with wide wood shingles, and features a small cantilevered rectangular bay on the east side. The windows are all 1/1 double-hung wood sash with wide board trim. A shed and garage have been added to the northwest corner of the house, both under flat roofs with drop siding. The garage is accessed by a pair of out-swinging plywood doors.
