Description of Physical and Landscape Features:			
This one story Bungalow has a complex plan that sits on a concrete foundation. Its side-facing gable roof is covered with composition shingles. Windows are predominantly wood 1/1 double-hung. The recessed, half-width porch features two tapered posts that rest on a closed rail. As is common to the style, the residence is decorated with bargeboards and brackets. Alterations include the front porch railing and the single story addition with porch to the rear, which was added prior to the re-siding.
