Description of Physical and Landscape Features:			
This two story transitional-style house has a rectangular plan and sits on a poured concrete foundation. The gable roof is covered in composition shingles, has exposed rafter tails though obscured by gutters, is supported by decorative brackets and is pierced by two chimneys. The north end chimney is an exterior, stucco and flat brick chimney. The house is covered with lap siding grounded by a water table with cap. Windows are multi/1 and 1/1 wood double-hung. The south façade has a square bay with a shed roof. The gable roof projecting entrance portico has decorative barge boards and eave brackets. There is a mis-matched attached garage to the north end.
