Description of Physical and Landscape Features:					
This two story Minimal Traditional house is rectangular in plan and sits on a concrete foundation. The gable roof is covered in composition shingles with an exterior end chimney to the south. The house has been re-sided with wood shingles. Windows are primarily multi-pane fixed and 6/1 wood double-hung. There are two projecting entry vestibule additions formed of clinker brick, both with gable roofs. The shed roof room to the north is likely the original sun room.
