Description of Physical and Landscape Features:			
This 1-1/2 story Queen Anne has L-shaped plan and has been greatly altered. It sits on a plywood-skirted foundation and is clad in wavy asbestos shingling. The gabled roof is covered with composition shingling and has boxed eaves with a small molded rake board. There are a variety of window types including: 8-pane fixed, 1/1 and sliding vinyl. The front porch has been partially enclosed and features a side gabled roof, turned posts and decorative wood railing. A parged, capped chimney and a stove pipe pierce the roof. There is a non-period garage to the west, clad in vertical groove plywood with a new door.
