Description of Physical and Landscape Features:			
This 1-1/2 story classical revival has a rectangular plan. It sits on a concrete foundation and is covered in non-original stucco with a small water table molding. The side gabled jerkin head roof is covered with composition shingling. There is a gutter system built into the boxed eaves, with rake and cornice moldings. There are also eave returns. The windows are primarily 8/1 wooden fixed on the front elevation. There is a shed dormer with 1/1 wooden double-hung windows. The front porch has a gabled roof with matching cornice and eave returns. The porch ceiling is arched and supported by decorative non-original wrought iron posts. The concrete stairs have a wrought iron railing. There is an exterior chimney on the north side. There is also a picket fence.
